

STEP 1

Block the Structure

Study this example before completing the next practice page.

YOUR GOAL

Draw only the main shape, angles and proportions with light lines.

Reference + Practice

Look at the real reference photo and draw it using the Step 1 method.

Layer and Transition

Study this example before completing the next practice page.

YOUR GOAL

Build values gradually to soften transitions and keep the form clear.

Reference + Practice

Look at the real reference photo and draw it using the Step 3 method.
